– Education –

- 2019– Masters Student, MMath
Department of Computer Science, University of Waterloo, Ontario, Canada
Supervisors: Richard Trefler & Arie Gurfinkel
- 2014–2019 Undergraduate Student, HBSc.
Mathematics, Computer Science & Statistics Department, University of Toronto, Ontario, Canada
Specialist in Computer Science & Minor in Mathematics

– Experience –

- Sep 2019– Computer Science Teaching Assistant
University of Waterloo
- Sep 2016–May 2019 Computer Science & Mathematics Teaching Assistant
University of Toronto
- May 2017–Aug 2018 Full Stack Developer Intern
Indigo Books & Music
Experience with C#, React JS, and Azure Cloud Services
Projects include Competitive Pricing & Catalog Cloud Migration

– Publications –

- ▷ Zehra, S., Ramanathan, A., Zhang, L. Y., and Zingaro, D. Student Misconceptions of Dynamic Programming. In Proceedings of the 49th ACM Technical Symposium on Computer Science Education (SIGCSE '18).[Link](#)

– Course Projects –

Spacer Visualizer [\[Source\]](#)

- ▷ Allows a user to view SPACER's exploration tree of potentials proofs and counterexamples

Spacer Dashboard [\[Source\]](#)

- ▷ Summary dashboard of SPACER metrics on a variety of benchmarks
- ▷ includes different views for select metrics (ex. time, memory, num of lemmas, etc.)

– Personal Projects –

Personal Website [\[Source\]](#) [\[Site\]](#)

- ▷ Written in React JS
- ▷ Experimentation project to learn React JS
- ▷ Includes single page app routing for github pages compatibility

Personal Startpage [\[Source\]](#) [\[Site\]](#)

- ▷ Written in HTML/CSS/JS
- ▷ Acts as a browser landing page
- ▷ Includes:
- ▷ OSX styled shortcut dock with keyboard shortcuts for quickly accessing frequently used websites
 - ▷ Easily modifiable list of term based websites (sites for courses and TAing)
 - ▷ Search bar that handles keyboard shortcuts as well as general search terms
